Customer Reviews

Ã¢â ¬Å“Peculiar, brilliant, funny, smart, and it will turn you into a cool person, like CNNÃ¢â ¬â„¢s Anderson Cooper and me.Ã¢â ¬Â•Ã Â Ã¢â ¬â •Augusten Burroughs, Entertainment Weekly

Phineas Mollod uses his Vanderbilt law degree to counsel his wayward pals in divorces and landlord-tenant imbroglios and write about technology law in New York City.Ã Â Ã Â Jason Tesauro forewent law school for a mastery of wine, spirits, style, and sustainable food. YouÃ¢â ¬â„¢ll find him swinging a croquet mallet in Richmond, Virginia, or wielding a champagne saber as he conducts the Modern Gentleman Seminar Series and other events of consequence

around the world.Ã Â

This is the wittiest, funniest, savviest collection of observations on how to be an effective male in the twentieth first century you can find. Don’t confuse this vast smorgasbord of essays on everything from wine, dating, music choice, sex, in-laws, kink, and clothes with the kind of pseudo-cool yet actually uptight advice you’d find in GQ or similar post-frat boy rags. Practical and highly amusing at the same time.

If you are a man or know a man this book is a must. I originally bought the first edition in high school back in early 2000, and i was impressed so much that i decided to apply a lot of what i learned. this book really helped me out, especially when i was in college trying to balance my social life with work and school. among a few things i learned that i often get kudos for in my adult life that i can credit the book with are basic skills for mixing drinks, hosting gatherings, and grooming standards.

Light-hearted but true seeds of wisdom abound in the pages of this book. I read the first edition and can honestly say it impacted my journey through my 20s. I think every guy could gain a little guidance by checking this one out.

Overall, there were some useful tips and guides. Some of the tips kind of jump around a bit, and the focus was more on single guys. I need one of these books for a married man. I would buy it again.

First, it arrived on schedule and as described.Second, it’s a great fun book to have around. Some things are a little inappropriate for a modest/conservative man but most of it is great fun knowledge. I bought one for each of my groomsmen as a little side gift after thumbing through mine.

Better than other books on the subject. Updated for today.

Great right of passage book for any 18 year old boy!

this book is relevant and funny, bringing advice on how to be a gentleman with all of the bells and whistles of the modern era. perfect for a bathroom reader.
