Customer Reviews

This slow cooker cookbook serves as a guide as well as a recipe book. The introduction gives a lot of good tips about using a slow cooker to help prepare you for the upcoming recipes. Rather than giving one straight recipe for ÃƒÂ¢Ã â ¬Ã Å“oatmealÃƒÂ¢Ã â ¬Ã Â• it gives you tons of variations so that you always have different options available without having to experiment yourself. This book basically does all the legwork for you when it comes to adding variety to your favorite basic recipes. What I love most about the recipes (and what I look for first before buying any cookbook) is that the ingredients are simple and basic. Most people have the ingredients in their kitchen already, or can easily attain them at the store without having to go to specialty shops for that one ÃƒÂ¢Ã â ¬Ã Å“special ingredient.ÃƒÂ¢Ã â ¬Ã Â• The spices and herbs are probably already in your cabinet, just the basic items; the foods are simply meats, fruits and vegetables, everything your local grocer carries. So with the basic ingredients paired with the variety of recipes based on favorite dishes, this is really one of the best slow cooker cookbooks you can get. ItÃƒÂ¢Ã â ¬Ã â„¢s both time and cost efficient for the modern day cook.

Lot of good recipes to try. Take a while getting through these.

Book in excellent condition. Love this book!
