Love these design books. They are perfect inspiration for art projects. They shipped super fast. And the price was right.

love it

this book is filled with mostly black and white pictures. if you are getting this book to use to draw egyptian designs keep in mind that alot of the designs are very small and hard to draw and the bigger ones are even harder because of all the details. however it is a nice book to look at. but if i were you i'd wait till it go's on sale

I found this little book to be just what I was looking for in the way of Egyptian graphic designs for use in my jewelry work. Many interesting black and white designs to choose from.
