Customer Reviews

My grandaughter ever since she cold hold a book in her hands has and continues to enjoy these great touch & feel book series..Recommend them for babies and toddlers that are learning and developing their senses as well as an introduction to basic language skills...My granddaughter already has a love for books and brings me one to read to her everyday....

I expected more soft and fuzzy items as the cover would make it seem that there were stuffed animals throughout, but there are only the 5 items that are soft, the others (7 pages) are hard (5 of them are just imprints with a different texture than the picture) but I guess baby's don't know the difference. Otherwise, it is a cute book & my 8 month old loves it.

Good books for little hands. They love to feel the textures on each page.

Cute bedtime book for youngsters. Love it. Thank you
