My son, age 7, who is an emerging reader wouldn't put this down. We love Veggie Tales and having it as a graphic novel helps him want to read. We also have another volume and hope to see more volumes published!

I like Dave and the big pickle he's funny and he always wins the battle. I like it because David he's my favorite and his brothers are so funny because he is he says do I have wool over my ears or did he say The magazines are lacking.

Honestly wish there had been more reviews. I am not a huge fan of this comic. Stories are ok. I don't know, I guess I was just expecting a little more.

reviewThese are wonderful, fun, and lesson teaching books. The illustrations are just enjoyable as they go right along with the stories. You can laugh while you are learning a lesson about bravery, sharing and defeating pride with your friends Bob, Larry, and all the Veggie Tales friends.! The reader will go on fantastic, fun journeys in this 3 in 1 book of SUPER COMICS. After every story are some jokes and discussion questions at the end of the book so parents can go over the lessons, and stories with their little ones. A fantastic book for young and young at heart. The lessons are presented in such a way that they are fun. This is a book that should be kept on the shelf to read over and over again. A little reminder of the lessons that can be leaned.I received a complimentary copy of VEGGIE TALES Super Comics Vol 1 from Aaron Linne, author and bhpublishinggroup.com for my view of the book.

Do your kids love their veggies? Mine do! Okay to be honest they love their veggies as in Bob and Larry and all the other VeggieTales characters. We have spent countless hours laughing over the silly antics while learning very valuable lessons about life.The newest addition to our VeggieTale collection is the VeggieTales Super Comics Vol. 1. The first story is Lyle the Kindly Viking. In it we meet up with sweet little Lyle. He's a different sort of viking. He has a tender heart and just doesn't agree with all the unsavory antics of his fellow vikings. As you follow along and watch him right the wrongs you'll be able to use this to teach your kiddos about sharing.The next story is Dave and the Giant Pickle. Of course if you have seen the video you know that it is based on the story of David and Goliath. This story teaches many things but it focuses in on self-esteem. The final story is my

oldest grandson’s favorite, LarryBoy and the Prideosaurus. Anything involving Super LarryBoy is right up his alley. This particular episode focuses on humility and that’s a trait we could all use more of.The book is written in a comic book form and it is just perfect for my kids. The stories are familiar but this new layout makes it seem like a different story. We all enjoyed it very much. There is just something about comic books and boys they just seem to go together. (Of course girls will like them too!) If you are looking for a new twist on some familiar and beloved stories I would encourage you to pick up a copy of this great children’s book.I received a copy of this book to facilitate my review.

Veggie Tales Super Comic Books Volumes 1 and 2I love Veggie Tales and so do my children, no matter how old they get (or I get) we will always watch them. When I was given the opportunity to review the Veggie Tales Super Comics, I was thrilled, my children were jumping for joy and I couldnÃƒÂ¢Ã â ¬Ã â„¢t wait to let everyone know about them. Who doesnÃƒÂ¢Ã â ¬Ã â„¢t love Bob, Larry, and all the gang?Volume 1 includes Dave and the Giant Pickle, Lyle the Kindly Viking, and Larry Boy and the Prideosaurus. These are colorful, full of life and ready to be read to every child. These are based on the films they have out but I feel being able to read them brings so much more to the story.Volume 2 includes League of Incredible Vegetables, Larry Boy and the Reckless Ruckus, and Josh and the Big Wall. Again, great movies turned into comics and I could believe the detail that was put into these. You will not either!! I definitely recommend these to all parents, grandparents, aunts and uncles to buy for any child in your family. Great Christmas, birthday or just because gifts!!You will definitely not be disappointed in the quality of these comics!!!Thank you to the publisher for providing me a copy of these comics for my review, all opinions expressed here are my own!!!!!

These comics are great. My children knew two of the stories, due to having them on DVD, but the third one was new to them. The enjoyed reading all three of the stories and seeing the pictures. Jokes are included after every story and discussion questions are included at the end of the book so parents can discuss the lessons, applications, and stories with their children. Highly recommended to fans of VeggieTales and comics! A huge hit with my crew.This book was sent by the publisher for review purposes only.
