Talk about some practical ideas to do in your own home to keep your cat(s) happy and healthy! After reading Kate and Jackson's book "Catification" I pre-ordered "Catify to Satisfy" not only for myself but as gifts for friends. It has a fantastic section on litter box solutions, which was the entire reason I bought the book for a particular friend. But what I love most about this book is that it walks you through adding easy things to your home to enrich your cat's life, who in turn, enriches your own. Our pets our worth it.

He really know how a cat thinks. All the book is great, even the sandbox part. I've read the previous two and keeps one step ahead. All the projects are clearly explained with photos and all you need to know. The designs included are really nice and elegant.

Very interesting. A lot of good ideas, makes your imagination come to life. Exceptional because it's not just another "How to Take Care of Your Cat" book. The ideas are totally new and very refreshing. The ideas are totally doable for just about everybody and at a reasonable cost. Good reading, great pictures.

Lot's of good insight into needs and issues for multi-cat homes. Jackson & Kate provide good examples, guidance and creative approaches to improve kitty behavior and happiness by improving their living spaces.

So many incredible ideas and examples, with enough detail and explanations to inspire even the least creative of people (read: me). Even better are the ideas for shelters, several that I plan to take to my own local shelter. I bought the kindle version but now am thinking I need to buy the hard copy to donate to them! Thank you Kate & Jackson!

Catify to Satisfy: Simple Solutions for Creating a Cat-Friendly HomeÃ Â It's Jackson Galaxy what's more to say. He is the leading experts on cats. I learn a lot but once you learn what there is to learn from this you will want to turn it in or give it away. But it reads well and a lot of good expert advice.

Excellent beautifully illustrated book. Lots about cat psychology which we tried out on our three cats with success. Highly recommended.

Read it through 2 nights. So much reading on litter pans! Loved how to make your house likable to all cats. I now know why some cats like a vertical scratching posts!
