Synopsis

Choice, Persuasion, and Coercion brings together twelve original essays on Spain's presence in North America to understand the circumstances and application of social control. "Social control" refers to the use of coercion particularly in response to what dominant groups consider deviant behavior among subordinates. Spain attempted to maintain control of vast areas through persuasion, coercion, or indoctrination to make subordinates accept colonial government and behave according to Spanish expectations.

Customer Reviews

"ÃƒÂ•AnÃ Â¨ outstanding collection of essays.""A remarkable collection of new scholarship that will prove valuable to specialists, students, and other interested readers.""The editors deserve praise for both engaging an excellent group of contributors and encouraging them to make explicit reference to one another's essays when relevant. The result is an edited volume whose cherence is well above average. . Highly recommemded.""[An] outstanding collection of essays."

This volume considers the responses to the social and institutional norms of the Spanish colonial system along Spain's northern frontier provinces.
