Synopsis

Praise for the First Edition:"The authors take a comprehensive approach to treatment by including acupuncture, herbs and diet; the photos are good; and the cases are interesting." - The Lantern: A Journal of Traditional Chinese MedicineIn this fully up-to-date Second Edition, experts in Chinese medicine explain how traditional Chinese tongue diagnosis can be used in daily practice to complement conventional Western methods.The guide begins with a brief introduction to the history, anatomy, physiology, and methodology of tongue diagnosis followed by basic techniques and systematic procedures for identifying the manifold individual characteristics of the tongue's shape and its many modifications. Full-color photographs of tongues then demonstrate a variety of clinical scenarios to help readers develop a holistic approach to diagnosis.Features An in-depth review of the tongue's most important anatomic and physiologic features, including the lingual papillae, the tongue muscles, arterial supply, and much more More than 180 full-color illustrations and high-quality clinical photographs of Western tongues enhance the text Treatment suggestions for using acupuncture, herbs, and nutrition accompany each clinical image Medical assessment of 28 case histories with real-life photographs from the authors' practice The Second Edition of Pocket Atlas of Tongue Diagnosis is an essential resource for every practitioner or student of Chinese medicine, acupuncture, or complementary medicine.
