Customer Reviews

Excerpts from reviews:"The American Acrostics series is the best collection of acrostic puzzles I've yet had the pleasure to solve. I have thoroughly enjoyed volumes 1 and 2 and look forward to the rest of the series. The puzzles are challenging, educational and most of all fun! I look forward each day to them. My thanks to Cynthia Morris for constructing the puzzles with such thought and care." - Skip"Challenging and especially noteworthy for the way the clues frequently pertain to the subject matter of the quotation." - Deb Rogan"Many of the inventions included are delightfully offbeat and challenge your solving skills to identify." - Joan I. Andon"These puzzles, like the American history volume, contain intriguing quotes, and a nice review of American inventions. Again the puzzles in this volume are challenging and yet doable." - Deborah

Clever and informative challenging Acrostics

Got this puzzle book for my husband for Christmas...he has not begun to do the puzzles yet, but says "this is the BEST acrostics book ever!"

good acrostics with history theme

Enjoyable challenge

as expected

SWISH!!! Drat, missed again! And another fly escapes to bother you again. But you can't blame this 1905 invention, the flyswatter. And there are so many other interesting things in this Volume 2 of American Acrostics. Word puzzles, for those who enjoy the solving, are a great pastime, but when you can also learn something from them, what a great bonus.

I have spent many an enjoyable hour relaxing in my Jacuzzi bubble bath working on Cyn MorrisÃƒÂ¢Ã â ¬Ã â„¢s Acrostics. I can recommend these books as fun collections of easy-to-difficult-to-solve puzzles (mostly moderately challenging). Books like these are getting increasingly hard to find. So I heartily suggest that you give these entertaining brainteasers a try.
