Customer Reviews

DeLorme has been directly responsible for many of the major technological advances made in the mapping industry over the past 30 years. --This text refers to an out of print or unavailable edition of this title.

great for traveling the back roads in Florida. Great transaction.

No one should ever travel without a gazette. We do use a GPS however we do prefer using a gazetteer. Highly recommend purchasing a gazetteer when traveling.

GREAT ATLAS!!!!

A useful tool. I wish it would drill down even further at the county level.

lost my old copy in house fire, updated copy great

DeLorme's Atlas and Gazetteer is a staple here in Maine. Even in this day of GPS on your phone, every Mainer still has at least one copy. It's very readable, highly detailed, and accurate. It shows every trail, boat launch, fishing spot, etc. It s invaluable for the outdoor lover. The same comments apply to the Gazetteer for every state.

Everything was fantastic. Thank you

good up to date maps. i bought this for finding bike and canoe trails in florida. it was highly recommended by various people and groups. i find that it seems comprehensive on first view but it lacks the details that i thought it would have and what i thought others said about it. but it is a good back up resource for many locations that i can further investigate.
