Customer Reviews

For readers 4-6 grades, different forms of communication in a fairly interesting story. The Boy is punished with speaking in puns when he runs into a old man visiting the library.

Punished! is an excellent book for a preteen that makes learning about puns, oxymorons, anagrams, and palindromes exceedingly fun! I highly recommend this book (and Lubar's Numbed! as well) for anyone (preteen to grandparent) that's interested in creative word play.

Good book. Everyone should read it.

Purchased for my 11 year old daughter for a summer reading challenge for school, this was a quick and fun book that she liked quite a bit. It has an 3rd grade AR level, but it is easily a fun read book for older kids.

Great way for kids to learn about anagrams, palindromes, etc. Fast moving and keeps your interest. Our 11 year old LOVED it.

My son liked the book

This book is great for teaching figurative language. The kids really enjoyed it! Highly recommended for students in grade 4 and 5.

I used this book for a quick read aloud with my class. This book introduces figurative language in a fun way and my kids seemed to enjoy it. It is for quick and easy reading for younger students.
