Great for price.

Reminds me of when I was in 3rd grade. Loves it

wonderful

Macaulay is the master of simplifying complex topics. He’s easy to follow, extremely well illustrated, and gripping -- which is a lot to be said for an historic architecture series! If you like to know how things work, buy any of his books.

DK Publishing is know for their wonderful photographs and beautifully illustrated books. Unfortunately this is not one of them. They built a 3d computer models of a castles and used images of that to illustrate most of the book. Though illustrative it feels artificial and inauthentic. I wish there were more photos of real castles. If they are going to use a 3d model then they should include a disk with interactive views of that model.

Excellent

Excellent and informative.
