Synopsis

The professional standards and guidance contained in this document, commonly referred to as generally accepted government auditing standards (GAGAS), provide a framework for conducting high quality audits with competence, integrity, objectivity, and independence. These standards are for use by auditors of government entities and entities that receive government awards and audit organizations performing GAGAS audits.

Customer Reviews

This is the greatest book I have ever read. This is even better than Harry Potter!!! I'm even reading this to my young children every evening.

great

I love the Yellow Book. This is the large version--plenty of room for notes in the margins.

Very easy-to-use.

The most interesting book in the world...

This book completes my life.

Takes the best elements of the Greenbook and Redbook and makes for a riveting read. Truly

life-changing as others have said.

Absolutely the bestest yellow colored book I ever read. Couldn’t put down. Finished chapter 6 in a few hours. Wonderful.
