Synopsis

The changes that occur to preteens can be very traumatic. This book, the third in the Learning About Sex series for girls, explains to 10- to 12-year-olds that these changes are normal and are a part of Gods unfolding plan for their growth and development. From preschoolers to adults, the updated and revised Learning About Sex series makes the awesome gift of sexuality understandable to all. Age-appropriate language and graphics throughout the six books help the reader recognize gender differences as one of Gods great gifts designed as part of His creation plan.

Customer Reviews

This was purchased for my niece, and her parents are satisfied with it. I purchased the same book for my son, making the decision to purchase for my niece, as her parents were looking for something to supplement the 'talk.' Both families LOVE the fact that the book is Biblical based, referring to scripture throughout the book aiding in explanation. The girls version of this book is lengthier than the boys, but still brought down to a very manageable read for 10-12 year olds. Extremely satisfied!

It is a great book to read for kids 10-12 years and ii is great for parents too.It explains and teaches based on what the Holly Scriptures say about sexuality and the changes occurring in their bodies.The kids learn not be ashamed of their changes in their bodies because God created the human body that way.

This entire series is well written. I have been looking for books that are informative, but with good morals. It is great to find a book with solid information. Yes it does have a Christian tone, but it doesn't say you are going to Hell if you do a,b, or C. It is just letting the kids know how things are written in the Bible. If you get the entire series, your boys Will be informed!

Great book to talk about sex from a Christian perspective.

I love that this book makes all the changes that a boy goes through normal and highlights how God made them just the way they are. This book helps take the shame that could be experienced during adolescents. Perfect book to read to a 10 year old.

This has helped explain changes my son is going through in a whole better way than I can. Thank you for a good book that a child can understand and not have that awkward feeling that makes them cringe and not want to talk. He read every page and came to me on his own and told me he totally understand everything in the book.

This was purchased for my son, and we LOVE it! I purchased the same book for my niece, obviously in the girl version, as her parents were looking for something to supplement the 'talk.' Both families LOVE the fact that the book is Biblical based, referring to scripture throughout the book aiding in explanation. The girls version of this book is lengthier than the boys, but still brought down to a very manageable read for 10-12 year olds. Extremely satisfied!

We bought this book for educational purposes of our 10 yr old son who was starting to hit puberty and had no clue about anything in this book. It has been a very useful tool. We love it and will be purchasing the others in the series when the time comes. Several of our friends have used the series for their sons and daughters as well and thought just as highly of them as we did.
