Really liked it for her class

High school text book for my son, glad I could find it here

Came in excellent condidition, just as promised!

It's a good overview work that will assist most students of American history in establishing a basic knowledge of the field.

Got it used. Was in very poor condition. I passed the class, though. So, I guess that is all that

matters.

Well written-and easy to read

Couvares artlicles in this volume examine a wide variety of historiography.
