Timely delivery. Read it with its grammatical/spelling errors. Author allows you to contact them with that information. Informative.

Very informative

Found this book an interesting read as I suffer from chronic diseases. If you are looking to find out if medical cannabis will treat your condition, this is the book. Detailed information on various strains, cultivation, preparation and dosage. Quality to read.

A good comprehensive read on the topic.The book gives valuable insights and tips on how to use this alternative method of healing.The content is worth reading

I have been reading in to the uses of medicinal marijuana lately as I've read up quite a lot on the debate of whether it is worth it. Naturally, as soon as I saw this book it grabbed my attention. I found it very informative and interesting and definitely worth the purchase if you are interested in finding out more!

This book offers a lot of information; understand CBD and cannabis as a whole. The book focusses on marijuana's medical component CBD. I was suprised by the profound medical benefits of the plant. Would love to see more
