For almost 80 years, Kaplan Test Prep (www.kaptest.com) has been helping students grow their knowledge, skills and confidence so they can be their best on Test Day. Our prep books and online resources provide the expert guidance that students need at every step of their educational journey Ã¢â ¬â œ incorporating years of test-specific data and strategies tested by Kaplan students and our own expert psychometricians.Ã Â After helping millions of students, we know what works. Our guides deliver knowledge with clarity and simplicity while focusing on the specialized strategies that keep test-takers ahead of the clock and at the top of their game.Ã Â We offer preparation for more than 90 standardized tests Ã¢â ¬â œ including entrance exams for secondary school, college, and graduate school, as well as professional licensing exams for attorneys, physicians, and nurses.Ã Â With a full array of self-paced and live online courses, as well as print books and mobile apps, you can use Kaplan to study on your own schedule and at your own speed. KaplanÃ¢â ¬â„¢s private tutors and admissions consultants supplement those offerings with one-on-one support.

The SAT is a very important test that is taken by millions of people worldwide. It is necessary for students to take and score high on if they want to get into a good university. Without proper preparation, it can be a stress-inducing test. However, with this study guide, I am confident that I will score high on my SAT.This book covers everything you need to know for the SAT and has many time saving strategies. It clearly explains the work process and how to get the correct answer. It provides you with one practice test in the book. But the selling point for me was the online prep. Not only are you getting a thorough preparation in the book, you also have tools to study with online, plus two more tests. And with the price, you can’t go wrong. I am very satisfied with my purchase.If this review has helped you in any way, please click the "Yes" button below.

I tried to tell my kids this book only works if you open and read it. They never believe me.

I bought this for my daughter. She really liked it. She said it was easy to understand and it helped

her when she took the test.

Son and I just started to use this book and find it very helpful!

Great help

Great study guide!!

ty

Seems to cover all areas very well.
