Grade Level: Preschool - Kindergarten

Customer Reviews

An honest novel. Kushwanth singh novels always appealed readers. His writing style has been the most compelling. He talks about his childhood memories, first sexual encounter, his wife and his life at various news agencies. He also talks about his relationship with the Gandhi's. This book is infact a tribute to all the relationships he had created over a period of 80 odd years which includes his relationship with his dog .Kushwant Singh, as people believe,has the best sense of humour, this book does live up to it. Must read if you are an indian, not for patriotism, but there are many things that you could relate to. Worth a read!!!

great for three year olds

Awesome for three year olds!! They have more than just tracing numbers- they also help teach kids how to draw a straight line! Great for three year olds!

Daughter loved to received this and work on her writing.

Good for my great granddaughter who is in Kindergarten.

This book is good for kids who are starting to learn.

great learning activity book

A life well lived. Encyclopaedia of knowledge . Started of well but got boring in between. Still not able to put it down.
