Synopsis

The study of God’s Word is essential to spiritual growth. Still, a daily encounter with the Bible can be difficult to sustain. Search the Scriptures can support you in your discipline of daily Bible study. Using a question-and-answer approach, it helps you discover God’s truth for yourself. Its built-in flexibility and clear presentation allow you to use its contents according to your own needs. section-by-section coverage of the entire Bibleconcise introductions to each book of the Bible as you meet itmeaning and application for each daily passageSearch the Scriptures has been used and appreciated by many thousands of readers for over half a century. This new edition, based on the New International Version of the Bible, has been completely reset in a fresh, accessible format. With its daily support, your own search of the Scriptures can become a delight and a source of strength.

Customer Reviews

Before his death, Stibbs served as vice principal of Oak Hill Theological College in London. He edited several titles from InterVarsity Press, including The New Bible Commentary and Search the Scriptures.

So far (I am still in section one), I have found this book edited by Stibbs very helpful. I find that I need artificial disciplines in order to maintain a consistent reading schedule so I have used other methods. I like the layout of this book and the fact that it takes 3 years to go through. It takes at

least a decade to really process and appreciate the grand sweeping story of God and our redemption in Christ Jesus. I think this is an excellent tool to help anyone begin and maintain the process of reading God's word over and over. I also love the method of asking questions. In most cases, after some time spent, I find I begin asking the same questions that I find in the book before I have even seen them. The inductive method is a good method and ultimately simply asks the question (with humility), "What does God want me to see"...

This is a 3-year bible devotional plan. BUT this is worth the study. Because it takes 3 years, you can actually dissect small sections of the bible with a closer look. The questions that the author wrote helped me read the bible more carefully and with better accurate understanding. I recommend to read and to answer the questions in the book as a journal.

Have been using for a few months now and have found it to be what I wanted. Small chunk sized pieces of scripture with questions that, for the most part, help you focus on the reading that was completed. Some of the questions have been too complex to comprehend what they are asking but 12 year old daughter and I have had a good discussion each day about the scriptures we read.

I have just started year three of "Search The Scriptures (Jan 2005)." This book helps you get into the Word every day (and that is a good thing).Most of the studies take about 20 minutes and are designed for a daily, relatively quick study of God's word.Over the past several years, I have read the bible cover to cover - each time over the period of a year. While each time proved to be enlightening and an accomplishment, I yearned for a deeper understanding of what I was reading.Search The Scriptures has done just that walking me through the entire bible over a three-year period.As a Christian, I should be reading my bible daily.However, many Christians simply don't take the time. This book will help you find the time and help you delve deeper into God's word. While Search The Scriptures is not a perfect book (some of the studies are simply too quick), it accomplishes its goal by getting you to read your bible daily. Order it and follow the daily studies. You'll find yourself getting to know the Holy God much better.

It's amazing. I love it. My life has been changed by it. I wish I would have known about it earlier.

Great guide to deeper understanding of the scriptures. Previously I had a hard time transitioning into what to read next after finishing a concentrated reading of a book. I would often spend as much time

trying to figure out what to read as I did reading. This is a nice tool to have a loose and flexible system to guide my study of scripture. The questions help me think more about what I read and draw out more meaning than I am able to by myself. I would recommend this to anyone who needs help becoming more disciplined in reading and who seeks to draw deeper meaning out of what they read.

This is a must book for all serious Bible Study people. Have owned one for decades and reordered it for my other location. Questions are thought provoking and require reliance not only on one's own thinking, but the guidance of the Holy Spirit. Perhaps one of the most useful study books I have ever owned.

Excellent study!
