Synopsis

The thrilling prequel to "Redwall". The clever and greedy wildcat Tsarmina becomes ruler of all Mossflower Woods and is determined to govern the peaceful woodlanders with an iron paw. The brave mouse Martin and quick-talking mouse thief Gonff meet in the depths of Kotir Castle’s dungeon. The two escape and resolve to end Tsarmina’s tyrannical rule. Joined by Kinny the mole, Martin and Gonff set off on a dangerous quest for Salamandastron, where they are convinced that their only hope, Boar the Fighter, still lives. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

I bought this as a gift for a little boy. I had already bought him Book 1 which he enjoyed very much. My two boys read every one of Brian Jacques books in the Redwall Series and I believe there were 20+. I started reading Book 1, 2, 3 and so on....to them before they could read and over the years they started reading on their own. You cannot beat Brian Jacques and his Redwall Books for storytelling genius, excitement and glorious detail for kids of all ages!

These books are my childhood and I’m slowly collecting each book. This is my latest addition (I’m definitely going out of order in ordering these!) and re-reading it is a great trip down memory lane. My mother also likes to give these books as gifts to any of our young relatives just getting into reading, and they usually love them. I’ll be giving these to my nephews to read when they get into reading as well. :)

I bought the first 3 books in the series as a gift to a friend for to read with her grand kids.Our family loved the Redwall series back in the 1990s. We started in about 2nd or 3rd grade as read-to books. Very imaginative characters. This is a great way to learn about Medieval times using personification of animals as the characters. Great vocabulary builder. Soon became read alone books for my son, but we still enjoyed reading aloud together as a family due to the engaging story and memorable characters who move forward into the next book. (Violence refers to battles of animal groups - done with a Medieval Times theme.)

Love it, love it, love it! There were sad times as well as joyous. After you reach the end, you'll have fallen in love with this kingdom and its many creatures.

I just finished this prequel to the Redwall series. I'm rereading it for summer. I recommen this series to everyone!

My 12 year old can't put it down. He's deep in the series and really likes the story. Recommended for the adventurous sci-fi youth or young at heart.

Another wonderful, descriptive book by this author. I would love to meet the little animals who make up the characters in this book. I love the good vs. evil theme that runs through the book. And of course, good wins and peace is restored after some mighty battles fought by brave little mice, squirrels and a badger!

The Redwall series of books is well written and perfect for both young and young-at-heart readers. ItÃƒÂ¢Ã â ¬Ã â„¢s a fantasy set full of adventures of good versus evil, coming of age, finding bravery and friendship, reveling in poetry and song, and feasting as if at the end of a ten season famine! Brian Jacques crafted wonderful friends and heroes ate Redwall Abbey, and youÃƒÂ¢Ã â ¬Ã â„¢ll enjoy meeting them again and again!
