Synopsis

Following Brilliance Audio’s recent Grammy-nominated musical-audiobook for children, The Shoebird, starring the inimitable Jim Dale, another popular children’s title is being released just in time for the holidays: Peter and the Wolf. This beloved fairy tale, with music by Sergei Prokofiev, tells of how the courageous Peter and his animal friends - the bird, the duck, and the cat - set out to capture a ravenous wolf. Generations of children have been charmed by this enchanting work, and Brilliance Audio is proud to introduce its own version with multi-Grammy Award-winner Jim Dale as narrator. To delight the millions of Jim’s fans, his reading of Peter and the Wolf will include unforgettable vocal characterizations of the various animals, young Peter, and Peter’s grumpy old grandfather. The music of Peter and the Wolf, including some of the best-known classical melodies, is superbly performed by the award-winning Seattle Symphony, led by music director Gerard Schwarz. Children and their parents will enjoy listening to this unique musical story as every character is portrayed by a different instrument from the orchestra and the story is woven together by the lively narration by Jim Dale. It’s a perfect holiday gift and a must-have for all Jim dale fans!

Book Information

Audible Audio Edition

Customer Reviews

The first 5-6 pictures were tiny, so tiny you couldn’t even see them. Got better towards the end. Disappointing, I had to purchase a different version as I intended to show it to my class and this version could not be used.

I remember Peter and the Wolf as a child. But this one is politically correct in that the wolf coughs up

the duck and goes back to the woods in the the end. I seem to remember the wolf ate the duck and then got shot for his efforts. Politically correct ending now? If so, I like it better as kids shouldn't have to get attached to animals -- the duck - then have them die. Same with the wolf. Wolves are beautiful creatures.

The cover is damaged. But it is a cute book.

great

Great book that was fairly priced and included a cd.

It was a bit long for the young pre-school story time I work with at the library. I used the CD and should have read it, since my group that day were mostly 2-3 year olds with their mom's. If I had read it I would not have had to endure the very long pauses between pages. It is such a great story and does introduce the instruments so well. It was my fault i didn't really think about my groups maturity level that day. I would really always give this a 5 for older children. I am a volunteer X school teacher.

I grew up on this story. I love the music representation of the animals. I use this in my 5th grade class to introduce students to other ways to show characters.

I purchased this for my grandchildren to play before we attended Peter and the Wolf. It is one of their favorites and my 4 year old grandson recognizes the themes for the various players and hums them. A delightful book and CD
