It wasn't what I wanted but it is still a very good buy.

nice

Love this book. Just slip some blank white paper in between the pages & color. Paper will wrinkle if it gets to damp, so be careful if your using a paint or a gel pen. Nice bold black lines. Looks great against the glass. Again it as also depends on media choices.

These are not really stencils, it pictures of stencils.

Totally disappointed...not really worth ordering.

The artwork was heavier than I was hoping for, not as delicate design as I wanted. It does have some interesting designs though, so that was a saving grace.

It's what I was wanting to use for work and leisure, just have to scan it into the computer.

very nice resource, will use for quilting stencils
