This is a great, simple gift for a significant other. Yes, it is small. Yes, some of the pages are repetitive. But that means you get to be creative! Isn't that the point in getting something silly like this? And the small size means it's cute. And they will love it.

This book has been so much fun. We have been married for 29 years and this book has made us laugh so hard and long.

Filled this out to give to my boyfriend for our 5 year anniversary and he seemed to really like it! The

blanks that I filled in were thought-provoking and cute. My mom flipped through it and wants to buy one for her next anniversary! Buy this.

These are really cute, but they are smaller than I thought. I guess I should have looked. It's like almost wallet size. The outside and inside is cute, I just wish it was a little bigger. They look like they could get nicked or dented easy with a few bumps.

I bought two: for me & my special someone. We fill out 6 or 8 random pages when we get together. It will be fun to read when we're done.

I really enjoyed this filling out this little book. The prompts are simple but allow you to be very creative. I liked that I was able to share many meaningful memories or inside jokes through this book, and my boyfriend absolutely loved it. I gave it to him for Valentine's Day and he told me that it's the best gift I've given him. I highly recommend this series as a gift.

So cute! Makes a wonderful gift. I have given one of these to my boyfriend every year for our anniversary and he loves them.

Very nice personal gift, you will fill in the blanks. Small and easy to add to a gift, give it just because, great for a stocking, or anything else.
