Synopsis

Written by a world-renowned ceramist and leading expert in the field, this introductory book describes the initial processes of handbuilding, wheel throwing, plaster mold making, decoration, glaze application and firing techniques in a simple, easy-to-follow narrative. The text offers rich pictorial guidance throughout, both inspiring and instructing students withÃ Â over 650Ã Â color illustrations. It includes a pictorial timeline of ceramic art history; and exposes students to a gallery of ceramic art, from traditional to avant-garde. The third edition is thoroughly updated throughout.

All though it was aggravating how long it took to get here, I did get it before the class was over and it is a very good book

very nice resource.....

great book too bad the teacher of the class wasn't interested. Will keep the book!

Daughter really likes this book.

Great book for a beginner. Great illustrations.

Another great book in my current library and good reference when I'm helping others.

Informative , easy to follow instructions and descriptions.

Great book
