Synopsis

A baby brother is on the way! Older siblings will love this board book primer on how to receive their new addition.Everyone is delighted that a baby brother is joining the familyÃ¢â ¬â •but older siblings may be slightly unsure. Fortunately for them, this rhyming board book addresses what to expect: Ã¢â ¬Å“YouÃ¢â ¬â„¢ll have to take turns. Does he know how to play? No, he does not. He just gets in the way.Ã¢â ¬Â• The text, accompanied by irresistible art from renowned illustrator Sam Williams, also explains how older kids can be role models to their new little brother: Ã¢â ¬Å“He needs you to protect him. Teach him all that you know. Show him patience and love, heÃ¢â ¬â„¢s just starting to grow.Ã¢â ¬Â• At the back of the book, thereÃ¢â ¬â„¢s even designated space for older siblings to write about their new baby brother.This book is a great gift for the new big brother or big sister to be! And a great gift for parents, too!Sam WilliamsÃ¢â ¬â„¢s Baby Cakes has sold more than 65,000 copies!

> is an award-winning author who has worked in childrenÃ¢â ¬â„¢s and educational publishing for twenty years. She has written more than one hundred books for children. Sheila lives with her husband and two children in Brooklyn, New York.>is the author, illustrator, and designer of numerous picture books for young children. Some of the books heÃ¢â ¬â„¢s lent his talent to

include the Bunny and Bee series, > by Lisa Westberg Peters, and > by Karen Baicker. He recently put down his paintbrushes and took up the challenge to climb Mount Blanc! Sam lives with his wife in Hertfordshire, England.

This book is great. It’s funny, cute and honest. My daughter really wanted a baby sister, but she is getting a baby brother. We read this book together and yes, as I was first reading it I though "how negative" but there was a reason and completely made sense by the end of the book. It opened up conversation with my daughter and she is really excited about having a baby boy around. My daughter asks to read it many nights, we’ve had it about a month now, and each night we talk about something new she is going to teach baby brother how to do or how she can help take care of him.

Fun for my two year old daughter! This book is a gender friendly book- because of how it has been illustrated- it can either be for a soon-to-be big sister or big brother. My daughter became very interested in this book after my son was born. She’s been able to compare her own experiences with the examples shown in this book. Each page of this book points out one reality that an older sibling will have to face with a little brother. The conclusion is also very sweet and is my daughter’s favorite part. There is also an extra page provided for a picture of the older sibling with the younger brother. This is definitely one you’ll need on your book shelf!

Our almost 2 year old granddaughter loves this book. I tug at her hair when the book says her baby brother will. I always remind her how she knocks down Buscia’s block towers and she laughs with glee. She’s in daycare part-time and I’m sure has already encountered some of this behavior in kids her own age. She does look a bit puzzled at the "pee in your eye" part, but she’ll "understand" in time. When the little guy finally arrives and is mobile enough to do some of the things told about in the book, we’ll just open the book to that page and show her that’s what the book said. Her favorite part of the book, however, is the end where we’ll be able to write her baby brother’s name and attach a picture of the two of them.

This is a very cute book that tells a sweet story. It’s long but not too long that my two year becomes disinterested. It talks about how cute and fun a baby brother is, but also how he can be annoying too. I like at the end it says, "if he grows up watching all that you do, surely he’ll be amazing for he’ll be just like you!" On the last page There is a place to put a picture of the baby brother with his sibling.

This book was great for preparing our 2.5 year old to be a big brother. We originally borrowed it from the library and I was so impressed that I ordered a copy for him. It doesn't sugarcoat, it tells it like it is (baby brothers will steal your toys, knock down your blocks etc.) but it's all done with humor and my son still loves this book. He's been a big brother now for 2 months and still wants to read this book at bedtime. I highly recommend it!

It's a cute little board book. I purchased it for my 22 month old daughter to try to prepare her for her baby brother.

I bought this my 3 year granddaughter who is getting a brother in Oct. We read it several times when she here visiting. After a few times, she was able to "read" it to her uncle. She laughed about the stuff this brother is going to do. Little does she know how accurate this book is. Those reviewers who found it to be crude and offensive, lighten up. Make this a fun adventure for the big sister. Let's face it, those events in the book will happen.

Perfect for a gender reveal party for the baby boy's 2 big sisters.
