Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Look, I may not be the brightest guy in the world, but I just thought I"d say my two cents worth and

you be the judge.I play the baritone ukulele. The chords in this book are so simple that they seem to LOSE some harmonics, meaning thatthe chords just don’t sound too good to my ear.Perhaps this is due to the fact that this book is written for the most basic/simple player in order for him to comprehendhow to play the songs. I’ve had no problem with other music books, but this one just baffles me. Again, some of the writtenchords, just don’t make "harmonic" sense.

I should have looked at the song list more closely. Seems like a poor selection of 40s music.

I love these "easy" books - I can play everything with no practice, and rarely play anything the same way twice. If you’re an experienced improv piano player you can hear and fill in the missing chords. The print is big and easy to see. I highly recommend them for experienced and beginner players alike.

I had cataract issues over the past 18 months, and having larger print really helped.

Not as impressive as the Thirties collection, but many, many great tunes to play.

I live in a 55+ community and about every other month I play my accordion for them at our pot luck dinners. They really enjoy the songs from the 40’s and 50’s and this adds to my collection of music from that era. Great music and great service from .com . Thank you.

HAS MANY TREASURED SONGS I GREW UP WITH MY DAD PLAYED. HE’S GONE, BUT THE MUSIC WE STILL SHARE TOGETHER. EASY PLAY, AND SOUNDS AMAZING.

Excellent music book!!!
