Customer Reviews

Beautiful Braids (over 700,000 sold) owes its steady success to the simple fact that, as the most affordable and complete book on braiding on the market, it represents incomparable value. From elegant chignons and classic English braids to the sporty Duchess braid, these elaborate styles will continue to turn heads.

I returned this book after looking through it. Yes, it shows you how to do the very most basic braids, but any braid book out there goes over the basics of that for you. There are no photographs, just line drawings of how to do the style.I recommend Braids, Buns, and Twists! By Christina Butcher. It’s a much better book with actual photos of the styles you want to create. Plus it has over 80 styles to try before you even get to the point where you’re creating your own styles from her ideas!

I had cancer 2 years ago, and with the chemotherapy came alopecia. I mean I was really bald. I missed my hair so much. When it began to grow back, thick and curly (before baldness I had skinny, straight hair) I started to appreciate and love it. I started to take care of it: no more yanking a comb through it, no more rubber bands on pony tails. I decided never again to cut it, but to grow it

forever. The BEAUTIFUL BRAIDS book was intended to help me choose and to achieve "styles for every occasion," but it didn't. There weren't complete instructions nor helpful illustrations. Most of the braided styles looked like those a 10-year-old might create. I can do an English braid. I had wanted help with some styles a little more complicated and interesting. I didn't get it.

This book is really not worth the money, most of the styles featured in this book can easily be found on the internet, I am only sorry I did not read all the reviews before buying. If you can easily do a french braid it is simple to do any of the featured styles. However one positive thing I will say is it would be an excellent gift to give to someone who would like to learn to french braid! I am giving it to my 12 year old niece :)

I love hair braiding and learning new ways to do braiding. This is a really good little book with clear instructions.

This is about as simple as you can getso if you are looking to do fishtail or waterfall braids, etc its not for youIt has drawings not real pictures, and it is a small bookso I would only recommend for teens or adults looking to do very simple braid techniques

The book is not very good. The pictures are poor and difficult to see. The instructions tedious.I bought this for a birthday gift, so I'll see if the recipient gets any use of it at all. If it was for me, I would trash it!!

I wanted to learn to french braid my long hair.ordered beautiful braids. First point. The book is so small.most styles in book are geered for kids.no adults.book needs to have larger pitches so you can braide and see what your doing.and doing it right as the piture shows.will not buy again.

Would have gotten better rating if it hadn't been miniturized, bought same guide for grand daughter 8 years ago but it was a 10 by 12 book. easy to read and understand. now it is smaller than a paperback. extremely hard to make out details on drawings. If you want a braid book this is a good one if you can find the older version.
