This book disappointed. (And I love the American Girl books and bought everyone for my daughter). I wanted the book to explain in detail, how to properly wash hair thoroughly, instructions on detangling and what to use, when to use it- how to properly dry hair for different hair types, and style hair. I wanted to see how-to steps with cool braids they are doing now with a focus on simple do it yourself hair style. I thought the hair styles in this book were outdated & immature.

I bought this for my eleven year old and she hasn't picked it up a second time. Most of the styles, in my opinion, are out of style.. like using a row of the one-inch butterfly clips to pin back hair in sections, mimicking a headband. I'm glad I didn't buy it new, or I'd regret this purchase even more.

This book published by American GIrl is great! It has several very popular hair styles, styling tips and hair care tips that most girls will love. I purchased this for my 10 year olds and they couldn't be

happier with it. It teaches girls how to braid, do different types of up do's and care for their hair I would recommend this to anyone.

Not what I expected, thought it would show different ways to braid hair, put hair in buns or ponytails. Save your money if that is what you are looking for.

So many great ideas for my 9 year old!

Looking for something to help my 8 yo granddaughterÃƒÂ¢Ã â ¬Ã Â|ÃƒÂ¢Ã â ¬Ã Â|.She is reaching the age of experimenting with hair styles. Wanted her to know about proper haircare from a child's perspective. She is quite active and a great swimmer and needs to know how important getting rid of chlorine,etc. Sad to say, their was very little in the way of ethnic textures & haircare. Very few photos of brown girls.

12 year old loved this book. Started middle school & wants to start experimenting with different hairstyles. Since I'm clueless when it comes to that, I bought this book for us to use together. I haven't been able to pry it away from her yet because she's enjoying perusing the book very much.

My middle daughter doesn't have the best hygiene, and this book helped inspire her to put more stock in her appearance and take care of her hair (it starts there) since it is so long. Thanks!
