social studies book

I bought this because I am considering the 6th grade Calvert homeschool curriculum for my child. I've only given it a cursory look, but so far I like what I see. Seems like decent textbook history to me, and quite a bit more engaging than my own history books were at that age.

My granddaughter misplaced her social studies book and was going to be charged $48 to replace it. I ordered the exact text book through for 99 cents. Yes, 99 cents. Wow. The book was in excellent shape and the school accepted it. They were amazed at my price!!

What I expected, a school book. Good.

Good book

I had to purchase this textbook because my 12 year old son lost the original book at school. I refused to pay $[...] to replace it through the school. I immediatly went to .com and found this

textbook for much, much less than $[...]. The textbook came within just a few days (5 to 8) and was in like new condition. There were no marks, water/coffee or any other type of stains on any of the pages. I was satisfied and so was my son's school. I highly recommend this service and I will be using it again.
