Customer Reviews

I minored in French in college, so I bought this book to help me prepare for the PRAXIS. Within the first 10 questions I had noticed FOUR spelling errors.Then, question 8 gave A, B, or C as possible answer choices. When I checked my answer in the back of the book, it said D was the correct answer. How could a choice not given be the correct answer?? Then, there were grammatical and spelling errors in the explination!!How is anyone supposed to use this as a study guide?? I spent too much time literally trying to figure out the questions and being frustrated.Waste of money and NO help for the PRAXIS!!!

Either the Praxis French test is easy or this book is too easy - orI know more than I do - I can hardly believe the questions are this simple.-or in other words, they didn’t seem challenging.

The format for the French Praxis Test has COMPLETELY changed since this was developed.. No longer relevant as a Test Prep for the Praxis.

Great!

An excellent preparatory text to help those who need to test proficiency and mastery of French. It serves well to use materials such a this one to be prepared for what you are going to be asked. Be sure that you choose the book for the correct test that you'll be taking. They are different and have different focuses.
