Synopsis

Crocheted mandalas are having a moment! And it’s no wonder the lovely mandala is in vogue: one evening is often enough to begin and finish something eye-catching. Many crocheters make mandalas as a meditative activity, while others love them simply for the wonderful opportunities they offer for mixing colors and stitch textures. A new take on traditional shapes, like granny squares or hexagons, these attractive crocheted circles are causing a real buzz in the crochet community. Included are complete written and charted directions for a variety of types of circular designs, plus a range of creative techniques and ideas to make yours stand out from the crowd. With full patterns and inspiring photos, a review of crochet techniques, a discussion of materials, colors, finishing techniques, and lots of project ideas including bags, shawls, blankets, and pillows, this book guarantees many hours of happy mandala-making.

Book Information

Paperback: 128 pages

Customer Reviews

HAAFNER LINSSEN is a blogger and crochet enthusiast who enjoys classic crochet with a modern twist. She has contributed to Mollie Makes magazine. Mandalas to Crochet is her first book.

OMG! This is so great - and I haven’t even started crocheting! Not just great patterns and ideas and projects - but detailed diagrams and specific "fixes" and troubleshooting when you get those weird ripples and cupping on your round projects.The only bad thing I have to say about this book is that I am sadly disappointed that it wasn’t around 20 years ago when I crocheted that huge rag rug that never did lay flat... *sigh*

This book has beautiful pictures and clearly written, as well as charted patterns. I have made three of them so far, and I have been very pleased. I also like the helpful hints at the beginning of the book. I am an experienced crocheter, but still found helpful information. This is one of my new favorites.

this is a great book and suitable for beginners who have had a little practice, on up to projects that would be easy for more experienced crocheters. The patterns aren't difficult to follow, but some may employ stitches that may be unfamiliar to people who are new to new to crochet they're v. attractive, an the effect can be changed by weight of yarn and size of hook. I bought this book as a gift for someone who admired my similar project.

Love it!!! I have tried about 4 of these mandalas and they have all come out really well. I really like the patterns in the book and the color combinations are perfect!The instructions in the book are very clear. I highly appreciate the written as well as the pictorial instructions along with an a tual photo of the end product. All of these make it very easy to follow along.Highly recommend it to beginner to intermediate crocheters who want to learnaking mandalas.

This book is filled with beautiful mandala patterns! If you're an absolute beginner this is a wonderful guide to get you started with making mandalas but there's also patterns for a very advanced crocheted as well. The pictures are wonderful to look at too! I recommend it.

Beautiful designs and easy to follow patterns. As soon as I got the book I made two patterns that same day to use up some of my stash. Very pretty results. Can't wait to make the rest of the ones in the book.

I love this book! After flipping through it, I deciced to put down my Most recent WIP and crochet no less than 3 of these patterns in one night. Take the time to read through the helpful tips provided by the author. I've been crocheting for years, but found so much of the information extremely helpful. This book is staying in my bag! The projects in this book are beautiful.

I was looking for some mandalas for crochetting 25" x 54" monotone meditation shawls. These aren't strictly speaking mandalas, but they're much closer and more interesting than granny squares or geometric circles. There are hints and tips on crochetting, and projects to do, as well as

instructions and pictures of 30 mandalas/medallions to try. My challenge is that they are done with a "D" hook and cotton crochet thread, and I'll be using an "H" or "J" hook with acrylic baby yarn, so some adjustments will need to be made. I'm pleased with the mandalas/medallions I've crochetted so far.
