A bit dated but a must for any diehard Degrassi fan... which, sadly, I am.

so far so great

Has everything you need to know about the Degrassi cast over the years. Episode highlights, you name it. A must have for trueDegrassi fans.

i love degrassi and this book is great. you get more details and it is teenage friendly. it is a realistic story and a realistic series.

I haven’t finished reading this book yet, but I love it! It tells you so many interesting facts that you would never know about all of Degrassi. I love Kevin Smith’s introduction to the book, it’s pretty

inspiring. I recommend any die-hard fan to get this.

I got it for my granddaughter who loves Degrassi. She thinks the book is great even though it's from quite a few years ago. So I am pleased. Thank you.

The book is awesome. I love Degrassi and it's about everything Degrassi. Plus the book even shipped way before I was told it would get here by.

I love Degrassi and all things Degrassi. :) The book was cool.
