Customer Reviews

"The text is smoothly written and sure to please readers looking to consume every possible tidbit. For those who want to dig a little deeper, Spencer does a good job of relating Meyer’s themes to the literary works that inspired her. . . . Handsome full-color, often full-page, photos appear throughout, glamorously showcasing cast members and adding visual twinkle."Ã Â —School Library Journal“The glut of Twilight-related merchandise is indeed overwhelming, so itÃ¢â ¬â„¢s worthwhile noting when quality products come along. Case in point: the recently published primer from ECW Press entitled Love Bites — The Unofficial Saga of Twilight. Written by Liv Spencer, this beautifully assembled book is filled with dozens of colour pictures and enough information to sate even the most rabid vampire fan out there.Ã¢â ¬Â•Ã Â —Scene Magazine"With beautiful full color pages, this book takes you from the beginnings of Stephenie Meyer to the future release of Breaking Dawn on the big screen . . .Ã Â I think it is safe to say that the Twilight Saga books are the TwilighterÃ¢â ¬â„¢s bible, and Love Bites is the study guide.Ã¢â ¬Â• —Cullen Brothers Anonymous (website)

Liv Spencer is the author of "The Miranda Cosgrove and iCarly Spectacular!" and "Taylor Swift: The Unofficial Story." She lives in Toronto, Ontario.

I like this book. It is about the Stephenie Meyer who write twilight saga and why she wrote it a little bit. It also about the location in the movies. It also about actors in movies and their acting careers was like. It is little about the unfinished book is about and what it is the name of it. The midnight sun. I think you should read this book if you are twihard/ love twilight. I am sad she never finish Midnight sun.

Anything Twilight I cannot get enough of them. I have a Twilight marathon at least twice a month, would do it more often but I have a few other movies I devote Friday nite to.

I loved the fact that this book reveals even more of Stephenie Meyer’s inspiration and habits of writing (since I am also a writer). I bought this book more for that reason than the beautiful photos and other Twilight tidbits; the others are just icing on the cake. Thank you for doing this book.

Gave it to a Twilight teen fan she loved it. Great gift idea. She has read it and enjoyed the photos of the behind the scenes. I recommend it for Twilight fans.

if you are a super hardcore twilight fan like i am this is a great book. they really dive into the facts of how this all came to be stuff i had no idea about. i like to know what goes on behind the scenes of how movies are made or books are written. this would make a great gift for that twilight fan in your life.

I've read it and it includes background information on all the cast members including Stephanie Meyer the writer so I found it pretty interesting was there a lot of dirt, no but was there enough dirt to keep me interested YES!! Love it and yes I'm using it to my advantage and enjoying it!

This is a very interesting book for the, "Twilight Junkies". It has detail on all the stars in the movie and how Twilight became a movie. Interesting facts that you may not know, Plus the pictures are great.

If you are a Twi-hard, this book is for you. Lots of interesting background facts on many of the ensemble cast plus insights into the filming. Lots of great pictures and a wrap-up on the part the fans play in the success of this franchise. Worth the bucks!
