Customer Reviews

Shari Tapscott is one of my favorite authors. I literally gobble up her books. My obsession started

with the Eldentimber Series and I've been a fan ever since. I've been looking forward to this new series since I heard about it and even more so when I read the prequel novella last week. I love that Shari writes books that I enjoy and that I feel comfortable passing on to young teenager readers and up. Her books are fun, adventurous and clean.The characters in this book are so great. They are distinct and their voices shine through. I fell in love with them. Lucia is trouble with a capitol T. She finds herself in the worst scrapes, mostly because she just cannot control that mouth of hers. She is impulsive and I just loved her.Sebastian and Lucia share the same sense of adventure, but other than that, they are pretty much polar opposites. Sebastian is methodical and deliberate. He plans and prepares. He is constantly getting Lucia out of her many scrapes. Sebastian and Lucia have known each other since they were little and that history, that level of knowing each other, keeps them bound together.Now that I've read this book, I want a pocket dragon! Lucia has one in this book but he turns out to be more than she expected. I can't wait to see what that dragon becomes in the follow up books!I loved this book and I'm so excited for this series! If you haven't read anything by Shari, you really, really must.Content: Clean, some mild action and violence- I received a copy of this book from the author but have also purchased my own copy. All opinions expressed are my own.

I absolutely loved this novel! This is one of those books I could read again, and I am sure I will do so right before Book 2 releases. This series has me pumped. While I enjoyed the prequel, Fire and Feathers, Moss Forest Orchid took things to another level; action, adventure, a cast of well developed and intriguing characters, friendships, romance and so much more! Tapscott had me hooked from the beginning and I did not want to put this story down; it did in fact keep me up late finishing it.If you have a chance visit Tapscott's blog, where you can see pictures and bios for the characters. Lucia is something else! She is one of those characters that just endears herself to you. She is rash, brave, loyal and no matter how much she tries, right smack dab in the middle of trouble! Sebastian too, is brave, loyal and also up for adventure, but unlike Lucia he is levelheaded and prepares; he is pretty much her opposite. Captain Avery is interesting and a rascal, really though it is at the end when you start to see his character emerge more. As his character steps forward you will find yourself not only intrigued but hit with more questions and possibilities. There are other characters we meet on the journey and will become more familiar to us in Book 2.Through Lucia's eyes we view the story and while we might at times see where she is heading into trouble, there are other areas of the story where Tapscott gives us just enough information that we can be conflicted too about the outcome we are hoping for. This for sure comes to ahead towards the end of the

story. Which is great, because honestly it is rare where I read a story and do not see where we are heading to for the end. I am just as conflicted, in a good way as Lucia! I cannot wait for Book 2, which seems like a form of sweet torture! Thank you, Shari Tapscott for not making us wait too long (Book 2 to release June 16, 2017)!I am not sure what is ahead for this cast of characters, but I know it will be an adventure I do not want to miss out on!

A magnificent beginning to this great story filled with exciting adventure, sweet romance, dashing pirates, pet dragons, and a giant fearsome frog! The world was a beautiful place filled with magic, multiple kingdoms, and strange fantastical creatures, and its a place I look forward to visiting again.Each character was interesting and dynamic. Lucia was especially fun, with her spunky, no-fear approach to life mixed in with her gentle vulnerability. I can't wait to see her take on more miscreants and baby basilisks! And the sparks she had with her leading male friends was so entertaining!Just overall, this was a great adventure story. It was engaging and very fun, with very sweet romantic aspects mixed in with all the swash-buckling action. I would highly recommend this for young and new adults looking for a great read.

I loved this book; I love this author! Lucia and Sebastian go on a long journey to a foreign land to retrieve a rare orchid. The story is woven with a little mystery, a good dash of jealousy and romance, and a whole lot of adventure. The mysterious Avery, who makes a play for Lucia; the sweet Adeline, who helps them on their quest; the adorable, mischievous Flink, who causes trouble and gets them kicked off the ship, add to the mix. I canÃƒÂ¢Ã â ¬Ã â„¢t wait for the next book!

I am so glad Shari Tapscott is writing another series; I was feeling lost when I finished the Eldentimber Series. I enjoyed everything about this book--the characters, the beautiful, vivid descriptions that I can picture in my mind as if I was there. There's a wonderful mix of adventure, humor (couldn't help but giggle a few times), strange creatures, and intriguing enchantments that always took me by surprise. None of this storyline was predictable. Just a great, very enjoyable book. Can't wait for book #2--which I already preordered!

Shari Tapscott is one of the few authors that can get me to haunt my Kindle app at 11:59 pm so I can start reading her latest book the minute itÃƒÂ¢Ã â ¬Ã â„¢s available. The storytelling in Moss Forest Orchid is superb, the characters are appealing and have depth, and IÃƒÂ¢Ã â ¬Ã â„¢ve already pre-ordered book two. My only quibble is with the love triangle ÃƒÂ¢Ã â ¬Ã â œ while it fits

in the story at this point, I hope itÃƒÂ¢Ã â ¬Ã â„¢s not painfully drawn out throughout the remainder of the series. 4.5 stars.

I received an ARC for an honest review and I also purchased the book.Interesting story. Really loved the pirate. I already pre-ordered the next book and look forward to reading it.
