Synopsis

The first companion guide to the blockbuster bestselling Divergent trilogyÃ¢â ¬â ¢soon to be a major motion pictureWritten by the New York Times bestselling author of The Twilight Companion and The Hunger Games Companion, the book takes fans deeper into the post-apocalyptic world created by Veronica RothÃ¢â ¬â ¢a dystopian Chicago in which humanity has organized itself into five factions, each with its own core value to uphold. At the age of sixteen, Beatrice Prior must choose to which one she will devote her life.The Divergent Companion includes fascinating background facts about the action in all three booksÃ¢â ¬â ¢the third book, Allegiant, publishes in October 2013Ã¢â ¬â ¢a revealing biography of the author, and amazing insights into the trilogy's major themes and features. It's everything fans have been hungering for since the very first book! This book is not authorized by Veronica Roth, Katherine Tegen Books, or anyone involved in the Divergent movie.The Divergent Companion is a must-read and a terrific gift for the millions of fans both young and oldÃ¢â ¬â ¢especially with the Summit Entertainment film version of Divergent, the first book in the trilogy, hitting theaters in March 2014.

Customer Reviews

LOIS H. GRESH is the New York Times bestselling author of The Twilight Companion, The Hunger Games Companion, and more than twenty other books. She lives in New York.

waste of my time

not my thing...

This book is complete and utter garbage. Most things discussed in this book referencing the series are either completely incorrect or gross over-simplifications. I doubt the author ever read the books all the way through, perhaps only reading a chapter here and there and receiving a summary from someone else. Among many things, the author claims that certain characters are in factions that they are most definitely not a part of, as well as completely misunderstanding the relationship between the Aptitude Test and the Choosing Ceremony.I am completely and utterly disappointed as I am a huge fan of Divergent, Insurgent, and Allegiant and expected to learn more about the series, not about a certain author's lack of commitment to her own writing.

I'll admit, I got excited when I was offered to review this book for two reasons, 1) DIVERGENT is still one of my all-time favorite books despite the fact that I hated the ending of the series, and 2) I was expecting a book filled with lots of glossy pictures of Theo James as Four.Wrong companion book.But that's okay, because this one is really good too!It's well written, informative and loaded with interesting facts even the most Non-Erudite person can get into. (If you don't know what Erudite is, then I can't help you.) It's an analytical behind the scenes look at the book and it's themes as a whole. It even has an aptitude test similar to the one Tris has to take in DIVERGENT. I took it and I'm still proudly waving my Dauntless flag.Fans who enjoyed the book or those looking for a more in-depth guide to the series should definitely check this out.
