Best Inspector Graham story so far! Loved the way the story intertwined and flowed with the cold case of a missing girl and the new rash of burglaries in town. I’m enjoying the depth of the characters as each book progresses. Great job Alison! I’m impatiently waiting for the next Inspector Graham AND Reverand Annabelle.

I so loved this book. Kept me guessing until the end... I am going to read all of the books by the Author as it has been such great reading with this book.

Alison outdid herself in this wonderfully engaging mystery, with no graphic violence or sex. Definitely hard to put down, once you start reading. Great plot, interesting characters who interact realistically and further the storyline wonderfully. The Gorey Constabulary has become part of my "favorites." Congratulations, Alison!

Inspector Graham is back and better than ever!! I really enjoy these well written books in the Inspector David Graham Cozy Mystery series. The author never disappoints! Again, Inspector Graham and his staff along with new characters draw you in with their charm. The crime here is so intricately woven that it keeps you interested & quickly turning pages to find out "who-dun-it." There is always a list of possible candidates for the culprit/culprits so I enjoy the way the story leads you to make your own deductions before the crime is actually solved. Looking forward to the next one!

This is her best book, so far. I literally could not put this book down. I needed to read the next chapter, and then the next chapter, and so on. If you love mysteries, you will love this book.

While Christmas shopping on his new Island home. Inspector David Graham finds out that there is an unsolved case. Ten years before Beth Ridley who was 15 years old at the time. Disappeared on her way to school. The only clue was a doll leg which had been torn off the doll she had been carrying. He begins to investigate and finds things are not what they seem to be on the island The case takes the officers on a trail that will lead to a shocking conclusion that will shock the people who live on the island to their very core. A well written mystery.

I stumbled across this cozy mystery series. So glad that I did. I devoured each book in the series and cannot wait for the next installment to be published. I fell in love with Inspector David Graham and the antics of his fellow officers. I can’t wait to see what "lady" the innkeeper is trying to make

sure the Inspector comes in contact with in the next installment. This series is full of hints about the murderer and I enjoy trying to figure out who it could be before the Inspector arrests the killer.

Whilst the mystery was light, the crime was serious. I like the way the solution was developed, even though some of the threads were rather tenuous. It was a good little mystery with good characters and surprise ending
