Synopsis

This volume deals with agricultural activity 'up to the farmgate', leaving consideration of food processig to a forthcoming review. The key role of agriculture in the UK economy and the controversial aspects of agricultural finance within the wider context of the EEC ensure that this review will be widely used as a dey research source in a range of institutions, from governmental to educational, to industrial and commercial.

Customer Reviews

No librarian who aims to maintain an adequate collection on agricultural statisti cs can dispense with its excellent Quick Reference List of data publications or its bibliography of works discussing wider aspects. With this book at hand there will be little cause in the future for fruitless searching and little excuse for misusing the data which they unearth.-Journal of Agricultural Economics...virtually any information on agricultural statistics can be located...provides an authoritative guide to the sources of both official and unofficial data, offering a critical appraisal of their nature and limitations.-Agra EuropeThis is a book which all professional economists dealing with agriculture will wish to have on their shelves.-JRSS Series A
