Customer Reviews

Just got my order of books. So many great designs to choose from. There is a good mix between fine and large details. Gone are my free nights!

Great coloring book for the money!

I think I would have given this coloring book 5 stars but I am a beginner and I’m having difficulty determining colors xcetera as I am not the least bit artistic. I believe I will do better with one of the coloring books that tells you what color to use.

Very poor quality paper. Better than children’s ones but still very cheap. Primitive unimaginative designs. Very disappointed.

I appreciate the fact that there is a listing of most of the drawings in this book so that they can be researched to see what colors to use. Thank you.

One of the most beautiful coloring books I have ever seen!! I highly recommend this to lose yourself in gorgeous floral creations!!
