Synopsis

This book, now in a third edition, presents a digest of what The Urantia Book saysÃ¢â ¬â •the gist of it, the main outlines of the story. As such The Urantia Revelation: The Structure and Meaning of the Universe Explained will serve as an introduction and guide to The Urantia Book, or as a simplified and accessible substitute for those wishing to know what was revealed in the fifth epochal revelation on Planet Earth. There is nothing more interesting.

Wonderful book. Very well written. Loved it.

This is excellent and the urantia book it self is beyond review. Speechless!!!!!!

Really mind expanding and believable.

I have been a Swedenborgian since 1977. I am always hunting what is next. This is a marvelous view on what this planet is and why it is here and why we are here. If you want to know the real Bible stories, get this book

Every paragraph takes twice as long to think about, but this book is amazing.

I simply loved it. Nothing to complain about.

great summary of the bewildering URANTIA BOOK. essential reading if you really want to know what is going on. Nieu-Bethesda of South Africa writes: "I appreciate Malcolm Locke's efforts in writing and eventually publishing The Urantia Revelation - The Structure and Meaning of the Universe Explained.I first came across the mention of this book on the Urantia Book Fellowship site - a site I frequently visit for anything UB-like. After reading the information on offer, I just could not rest until I had a hard copy in my own hands, for various reasons.and the four-week interval between ordering and delivery somehow appeared unreasonably long ;o)With all due respect to the wonderful efforts of others who have attempted abridged editions of the Fifth Epochal Revelation, I personally am of the opinion that Martin Locke has done a super-sterling job in presenting the FER in plain language for the man in the street - of which I am but one of many! - I cannot even start to imagine the time and effort the author must have spent in putting this much appreciated version together for the layperson, and I want to make use of this opportunity to thank Martin Locke from the very depths of my being for having had a vision.and then having had the courage not only to run, but also to finish it. Thank you so much. Now I can go back to the big and formidable tome with so much more gusto!I am sure that the celestials are very well pleased as well with this wonderful effort. I mean, all of a sudden everything became so much clearer and comprehensible to a person such as I who often labored over the unabridged version.This introduction to The Urantia Book is not so much for the learned and highly intellectually minded amongst us, but a must-read for the simple man/woman on the street.like me. I highly recommend The Structure and Meaning of the Universe Explained, to any person who craves a foretaste of what is locked-up in that vast and original tome that some of us have labored through at one time or another, but just have not got the heart to do just that as yet.What I am also marveling about is the fact that the author's writing-style makes translation so very, very easy to do. I have done some work of other authors in the past and

used to groan under the exacting and laboring task ahead of me. Martin Locke's way of presenting technical and theoretical "stuff" is any translator's DREAM. His thoughts are so easy to follow! I guess it needed a Urantian to do just this :o)Yes, I want to thank the author once again for having given us such an incredible secondary work as intro to the original. My prayer is that the Celestial Recorders will take special note of what Mr. Locke has done. Many of us, whether in or outside the Urantia-community, have for so long been in need of something like this Structure and Meaning of the Universe Explained.May our Triune God, the Paradise Trinity, BLESS the author in all his future endeavors, and may this present work prove to be an "introductory" blessing to the nations.Nieu-BethesdaEastern CapeSouth Africa"
