Synopsis

LifeÃ Â isnÃ¢â ¬â„¢tÃ Â better under the sea - a harsh reality of which teenagers Kellen Winstel and Garrett Weaver are totally unaware. Raised in the Midwest, far from the nearest ocean, their world is forever different when a hazing incident goes awry and one witnesses the other change in ways no one can explain.Or so they believe.Lenny Dolan is all too familiar with such changes and harsh realities. A Selkie slave in the realm beneath the waves, he has no choice when charged with leading a crew ashore to capture an elusive runaway. If unsuccessful, the loved ones kept behind will pay for his failure with their lives. But when his target leads him to the naÃƒÂ ve teens, Lenny faces a moral dilemma. Secure his freedom at the expense of others, or return empty-handed to face the grisly consequences?How Lenny answers the question will teach them the harshest truth of all. Only through the loss of innocence does one become Salted.

Customer Reviews

My Thoughts - 4 out of 5 Unicorns - I really liked it!!!The cover is beautiful! I love that it is simply a seal in the water :)I stumbled onto this book and thought it sounded cool, so I bought it. The author contacted me about a week later asking if I wanted a review copy. I explained that I already bought it, and I would definitely review it once I read it. :) Of course, the rest of you are lucky, it is FREE now :)This story is really amazing and creative. Being able to write is amazing all by itself, but wow!! When I started reading, I will admit that I was a little lost. IÃƒÂ¢Ã â ¬Ã â„¢m not sure what caused my confusion exactly, but I think it was switching perspectives while I was still trying to figure out this new and unusual world. Everything did clear up, and this world is awesome.This book has so much going on with slavery, bullying, camaraderie, friendships, murder, and even kindness mixed into the harshness. Lenny is a fair amount of good mixed into the bad like most real people. I really like his snarky attitude as well as his friends. I really donÃƒÂ¢Ã â ¬Ã â„¢t want to give anything away, but I like Garrett, Chidi, Lenny and his crew. Oscar is rotten and spoiled; he is pretentious and thinks he is entitled.This is a fantastic first book in a series, and I really think it going to get better and better :) I have already bought book 2 because I want to know what happens next, so be watching for that review in the future :)I recommend this book to the ocean dreamers who believe in underwater fantasies especially if you are into ocean shifters :) I canÃƒÂ¢Ã â ¬Ã â„¢t wait to read more of this world :) It is free, so what are you waiting for :)

Salted is a great read that keeps you wanting more! This book was a very quick read and I wanted it to keep going! The book takes you to a place you think you know and gives a new life to everything in that world. The creativity and the unknown is amazing when the author lets you see how things really are under the sea! Being Salted isn't all that it'd cracked up to be! Love this book and can't wait for the next in the series! Definitely will recommend to all of my book loving friends!

The new twist to under the sea life and how it intertwines with the human world is brought to life. The array of characters in whose diverse personalities we could all identify someone with, is very real. The more I read, the more I got into this book. The fantasy seems to become more realistic with every chapter. Really enjoyed this book, can't wait for it's sequel.

Wow! What an amazing read. This is a very well written and intriguing story that keeps you hanging on till the last page. Impressive debut novel, I can't wait for the next book!
