Customer Reviews

The map was not up to our expectations. We were expecting a map that showed the city of Indianapolis with a reasonable amount of suburbia surrounding it. What we received was a map showing a minimum of Indianapolis streets and a surrounding area of 50+ miles in most directions. It does not provide us the details of what we either wanted or expected.

This is a map of central Indiana. To me "Indianapolis and vicinity" means the greater Indianapolis area. As a map of Indianapolis, this is only slightly better than the free state maps handed out at the rest areas.
