## Customer Reviews

Book by Rand McNally,Rand McNally and Company (COR)

I used 2 of these maps to create a giant map of Indianapolis on a shower curtain secured to a hotel room wall with blue painters tape and thumb tacks. While that sounds crazy, and I'm fairly sure I scared the heck out of the cleaning crew, it worked well to learn the city and other 8 surrounding counties in 4 days.Cons:There are 6 pages where the numbers on the edges link to the wrong pagesThe map is very cluttered - looking visually- not quite an ADC map.no Zip code boundaries or county listing changes.It does not show as much of the north side of the city as needed (the most popular and rapidly growing part of Indianapolis is chopped off half way up)The roads are listed by number but sometimes the locals use another name for the road which is listed on street signs but not on this map.Pros:The pages are nice and thick- they do not tear out easily.The fold out large area part of the map is very useful.I got it in less than 24 hours with express delivery.

works great

Rand McNally maps are so well detailed, yet so clear to read. It helps us find our way around a city

we don’t yet know very well.

I needed to grid map the area for marketing blitz and this was the tool for the job. Great experience.
