Customer Reviews

Not worth the purchase. Quick read, but there is more information in Trip Advisor than this.

the best

This is a great series. I've compared the content to some other series my friend loaned me and I think this is at least as good. I like that it tends to offer just top 15 or 20 because I feel like that makes deciding and planning easier than if I have a full catalog of everything to do in a given country.

I'll be traveling with a friend who has family in Austria and she said this is a really informative guide. Even though I'll be with a local it's nice to have some outline of what's going on in hte area.

Really basic picture book without much detailed info

Very insightful places to visit. We are now going to two places in Austria we never even thought of before reading this guide.

Not worth the money I paid.

Gave some nice history, but felt disoriented. Lack of maps left me trying to find the locations separately to see if they fit with our trip. Disappointing
