Customer Reviews

This was a good book but for me I kinda wanted a little be more. However it was good .Alex and cassie grew up together and fell for each other. But circumstances took them away from each other but they always loved each other.Cassie came back to.town several years later to help with her sick grandfather hoping to never run into Alex. Of course things don't happen like we would like most of the time.Can they find their way back to each other or are there still to many obstacles in their path..

Another enjoyable story by Bev Petterson of family and horses. You are drawn in from the first, and can ask what would you do. Alex has to marry another woman, so Cassie fled. Coming home for a few days to help her Grandfather, who has trained horses, and has 4 left to sell. Hoping to take him back to her world, of working with movie horses. Then enter Grace , Alex's daughter, and Cassie is drawn to her, and bringing out once again, Megan's love for horses. A good red for all ages.

Alex Sutherland: millionaire, cowboy/polo-player has everything: Grace, his beautiful daughter, a gorgeous estate, champion horses and a psycho ex-wife. It is mind-boggling what he has to go through to keep Grace safe from her homicidal mother. And then there is Cassie, the only woman that Alex has ever loved. Unfortunately, Rachel knows that and now Cassie is in danger!

Another great Bev book, just the right amount of horses,romance and outstanding cast. Bev is such a creative writer. Her books, just a have such a smooth flow. Making them too easy to read and too hard to put down...before I knew it it was done and over.....leaving me wanting MORE Bev books.

I really enjoyed this book! I believe I devoured it in just a few days, and loved every minute of it right until the end! I can't wait to read some of this author's other books!

Cassie left her grandfather home when she was betrayed by Alex. Both were polo horse breeders and riders. He married someone else. Now her grandfather needs her back home. With the witchy ex wife and his beloved daughter they don't seem to have a second chance. Who will get the prize. Or die?

I loved this book as much or more than the other. Oils by the author. I love her details and the way the characters are described in detail! Looking forward to any future books!

Once again Bev Petersen writes a winning story! Mistory, love, and horses. She puts them together so well. Great read
