Customer Reviews

Brock Lesnar Lesnar sent shockwaves through the WWE Universe at WrestleMania 30 when he did what twenty-one other challengers before him could notÃƒÂ¢Ã â ¬Ã â •break Undertaker's revered winning streak. View larger

Dusty Rhodes Born the son of a plumber, Dusty Rhodes captured the essence of 'the everyman' perhaps better than any other Superstar in history. Behind his blue-collar work ethic and undeniable charisma, 'The American Dream' became one of the biggest stars of his era. View larger

The Four Horsemen Perhaps the greatest threat to the Horsemen's reign came at The Great American Bash in 1988 when all their Titles were on the line. But by night's end, they once again proved their worth when Anderson and Blanchard fended off Sting and Nikita Koloff, Windham defeated Rhodes, and Flair beat Luger. View larger

View larger View larger View larger Asuka Asuka's ring name is an homage to Lioness Asuka, a member of Japan's most celebrated women's duo, the Crush Girls of the 1980s. Three decades later, Asuka hopes to become the face of female combat not only in Japan, but worldwide. Shane McMahon The fourth generation McMahon needed to work harder than everyone else and studied the intricacies of television production, sales, marketing, and international business development. In 1988, he was a driving force in the company's new exploration into the world of digital media and led the team that launched WWE.com, which, combined with the WWE App, exceeds 20.5 million monthly unique visitors worldwide. Bella Twins In August 2008, the Bella Twins dazzled the WWE Universe with a dose of 'Twin Magic' and have not looked back since. For years, the identical sisters have been double trouble for all in their path, whether switching places during a match right under the referee's nose or simply leaning on each other for support.

This encyclopedia is wonderful for a wrestling fan. I could not think of any wrestler in WWE history that was not included in book. There is an article for everyone. But, it is written just like a wrestling magazine. No real names, no real history or biography. It is all Kayfabe, and seldom mentions a wrestlers other personality/gimmick outside of the WWE.

This book literally has just about everything WWE & the fans can think of. It is well written & included some things I didn’t expect they would put into the book. WWE did make me laugh (in a good way) about having a section for each separate gimmick a wrestler has had (like Kane/Issac Yankem, or JBL/Bradshaw) fun!

Awesome must have for avid and casual fans alike. While this one is mainly an "in kayfabe" encyclopedia, it’s done well with great pictures. So many pictures. It’s really cool to hang out with my son’s and show them the wrestlers I watched at their age. Very up to date as of eary summer 2016. I’d like to see a mainly insider version with their real names and greater accomplishments but

understand WWE would never attempt to hinder the "suspensuon of disbelief" that except booking Roman Reigns to no-sell every finisher done to him.

Bought for a Christmas gift for my son. He is going to live it.

Everything was okay with one exception one of the pages wasn't completely cut all the way because one page has the part where the edges are uneven with the other pages.

This Book Has EVERYTHING! EVERYTHING!!!! Every Single Wrestler They Have Probably Ever Had In History! This is A Wrestling's Fan's Heaven ! ÃƒÂ¢Ã â„¢Ã Â¥.ÃƒÂ¢Ã â„¢Ã Â¥

This is a beautifully produced volume covering a huge number of wrestlers from the last sixty years. There are some in depth entries on the superstars, and smaller entries on almost everyone else. Everything is 'in character', and brings back so many memories of great matches and rivalries. There are also entries for earlier federations that are now part of WWE, and entries for various title and their holders. A must for any wrestling fan

It covers a lot of WWF's wrestlers and it stays in kayfabe but I wish it was more expansive with specific stories about certain stars. If it was their goal not to break kayfabe, it was acheived but at the cost of leaving out some very interesting stories. Also they go into great kayfabe detail about certain stars but not others that deserve it. Definitely some strong WWF (I will never say it with an E) propaganda but it does serve as a quality coffee table book if you are not embarrassed to be a wrestling fan.
