Customer Reviews

I went to Seattle for business reasons so I didn't really get a chance to stay too long and look around. Actually wanted to as I found it to be a beautiful city. Then I read this book and I'm now considering heading back there for non-business reasons. Didn't think it would be a city where I could experience interesting things I couldn't experience elsewhere. This book highlights lots of secrets the city hides with a lot of them focused on food, drink and nightlife. Very cool!

If you are interested to go to seattle, this book is for you. It contains an awesome and essential guide on how we could have a safe and successful travel in seattle. Nice one.

This is pretty skimpy. I am not sure there is anything new in this. After I visit Seattle I will reevaluate if it shows more merit than what it appears to have.

10 minutes on a web browser will provide as much information and more up to date details. Book is basically advertising.

I Was Expecting a Little Bit More out of it.

If you ever want to visit the Seattle this book will be your guide. The author exposed bad and good places clearly. He told about the best places to eat and shop and then where to relax and enjoy your time. This is nevertheless a travel guide for the interested individuals who desire to move there. I found it fully informative and interesting as well.

I intend to travel in Seattle. So I bought this book. I would recommend this book to anyone hitting the Seattle area!
