Customer Reviews

I found this to be an outstanding guide to Scottish Castles, but had a couple of nits to pick. The first is the entirely baffling omission of Inverlochy Castle from the guide; this was an important castle in Scottish history and survives in decent shape. The second was the lack of visiting information included; the gazette format of the book left plenty of room for that, and things such as opening hours and admission prices would have been nice to have. That said, the information within the section for each castle is relatively complete, as far as I could tell quite accurate, and the pictures, while limited to one for each castle, give the prospective visitor a very good idea of what is extant at the site.
