The Art of Falling in Love is the culmination of years of research by marriage and love expert Joe Beam. In these pages, Beam reveals a tried-and-true process for finding genuine, lasting love. In fact, this processÃ¢â ¬â •or Ã¢â ¬Å“LovePathÃ¢â ¬Â•Ã¢â ¬â •consists of four concrete steps that anyone can follow. Those who walk this path will fall in love whether they intend to or not, and those who stray from it wonÃ¢â ¬â„¢t find true love no matter how hard they try. Quick, easy read about the science of love, and the intricacies of loving someone, including yourself. I think this is a very insightful book for those in relationships that seem to be missing that spark they once had - and it is especially encouraging for those who are coping with unfaithfulness in their marriages; while that doesn't apply in my case, it does seem to be common enough that I think anyone can learn from it - whether recovering from that heartache, or trying to prevent against it!

I give this book five stars because IT IS TRUE and REAL. I have met Joe Beam as a participant in his Marriage 911 retreat that saved my marriage. He knows what he is talking about, is highly educated academically and in life. The life tools in this book WORK. You find out EXACTLY what people experience when falling in love and how to keep falling in love. It's not a joke.....if you have visited a therapist or psychologist who knows nothing of the things this book references, go somewhere else. No joke.

Really good book. Entertaining and precise to the point or lots of them! Really enjoyed reading it. Although lots of it is not rocket science I think sometimes we all need a little reminder of how simple and beautiful love is if you only stick to it! That's what I needed. The reassurance that I can have

that and I can choose to have it.

This was an easy read. A lot of good, practical and applicable information.I read this while going through a divorce. Unfortunately it takes two to apply methods.

This book was fantastic and really showed me things that I did to send my marriage down the path it is on and also gave me great strategies to hopefully, one day, get things back on track.

No words to describe how fabulous this book is. I learned so much about myself as well as relationship dynamics. Highly recommended.

Great book! But even better Author! Joe Beam is such a great God centered helper for marriages! I must read!

Best honest and practical tools to use in a marriage needs desperate help
