Synopsis

"Yes, adoption makes me special, it means that I am lovedÃ¢â ¬Â¦" This brightly colored children's book illustrates how adoption is brought about by love. Written from a child's point of view, the rhyming verse takes you through an adoption journey from start to finish. It is perfect for anyone, young or old, whose life has been blessed by adoption.

Average Customer Review: 4.0 out of 5 stars 73 customer reviews

Best Sellers Rank: #33,373 in Books (See Top 100 in Books) #26 inÃ Â Books > Parenting & Relationships > Adoption

Customer Reviews

Sharlie is pleased to be merging her love of books with her enthusiasm for adoption in, Yes, IÃ¢â ¬â„¢m Adopted. She and her husband have been blessed to be able to adopt their two sons. Together they like to travel, spend time at the park, read books, and make pizza. Find out more at www.sharliezinniger.com

I read a lot of reviews before purchasing and don't recall one mentioning that this book is only suitable for cases of infant adoption, as it starts with the birth mother lovingly choosing adoption for her child. Any child adopted out of foster care will have a very different story, and this book will ring hollow. It is also an amazingly short book. There are seriously only 14 pages of actual 'story' text in the entire thing. Even if it were spot on for our family, it wouldn't be worth the price. I know it gets pretty good reviews, but I'm very unimpressed.

We found this to be a terrific first book explaining adoption to our kid. It shows the birth mother in a positive light, talks about how much his parents wanted him and were looking for him, etc. It also points out that Superman was adopted, which our son has mentioned a few times later and seems

to be very validating and important to him. There are a lot of ways to accomplish an adoption and a lot of different situations internationally, or with orphanages, etc. But if you did a domestic, private adoption with a birth mother, this one will be a great start in your conversation process.

Love this book! I bought 2 of them for my kids that we adopted and took them to court with us. There are extra pages in the back, so we asked everyone there, including the judge and lawyer, to sign them. They now have these to cherish!

Only relevant for children adopted at birth by non-kinship care. Also one page states that adoption was "God's plan" which is not appropriate for my practice. Disappointing overall

I was looking for a good adoption book for my daughter. This is okay, pretty basic story line. Nothing exciting but serves the purpose of an adoption book if your looking for one.

Great story for any family going through the adoption process. Simple and pleasant story line with great illustrations. I'd recommend it

This book does speak positively of birthmothers which is great unless your children are adopted from foster care and have a very bad situation with their birth parents. I had to rip out that page but other than that it's a good short book.

Cute book. And adoption gift to our foster child that moved to a per minute.
