Customer Reviews

I purchased this when I purchased a Kindle HD for my father. He is often on the road and loves western books. It took a long time for me to get him talked into a Kindle because of the technology, but he loves that he can read multiple stories without having to take the paperbacks with him on long trips. There are enough stories here that keep his attention for quite a while. Wonderful price and I was very happy to know that my dad will be entertained while waiting for various things.

TSlow starting and finishing cant begin to get interested. It would have been as well written in chinese which i dont read

Classic westerns I grew up on. Good entertainment. What I call brain candy after reading and studying technical articles and textbooks. Also brings back nostalgic longing for an innocent America of the past. The price and pleasure of these classics make it a 5 star rating overall in my opinion.

If you are a fan of tales of the American west, as I am, this is a great way to get a sample of works by a number of western authors, some of whom you might wish to read more of. Some are classics, some are lighthearted, and some, like the first of the Lone Ranger series, are just as over the top as some of us remember from the radio shows and the TV series. All are enjoyable, though. The only reason I didn’t give it five stars, is that the editing causes one to pause to try to decipher a mangled sentence from time to time.

I love this product, it is so nice to be able to read again and to utilize the convenience of setting in my recliner and ordering and having what I ordered immediately. 5 stars

I love audio Books....

This is yet a very nice collection of 25 Cowboy Stories. Those who yearn to know about the wild west and it’s history should buy this megapack and savour the open ranges and it’s denizens.The stories are by some of the best Writers of the Western genre.I thoroughly enjoyed reading these stories.

Some stories end kind of strange, I would have liked so had them continue, they just stopped.
